To Whom it May Concern

We have worked with Hansjorg for more than twenty years on some of the Most prestigious Hotel Projects in the world.

These developments include the Grand Hotel du Cap-Ferrat on the Cote d'Azure, and the Sanctuary Santa Rosa near Amalfi, Italy.

Hansjorg has an uncanny ability to integrate operations requirements in the hotel design process and to work with multidisciplinary, often highly technical project teams.

We look forward to working with him in the future and wish him well in his new venture.

Yours sincerely,
